### Increase in City Property Made By Board of Equalization.

The City Board of Equalization has been in session for the past three days. Considerable increase has been made in the valuation of the city's property. An increase of \$30,000 has been made over last year's valuation.

The Board has gone after the large property owners and are raising the lists to what they claim is in proportion to the real value of the property within the city limits.

Those comprising the city board of equalization are W. G. Smart, H. A. Solbrig and Dr. A. A. Simons.

Cloverport property is steadily enhancing in value and the fact is very evident. The Board is taking advantage of the opportunity presented it, and is going after the property holders.

The Board has set next Monday as the day on which to hear complaints from those who think their property has been assessed too high.

## HARDINSBURG.

### Happenings in General and Around the County Seat.

A protracted meeting is in progress at the M. E. church. The Rev. Lucy Mahan, of London, Ky., is assisting the pastor, the Rev. Isaiah Gline. Miss Mahan is preaching every fine sermon. She has a remarkable flow of language. Her discourses are logically arranged and as a speaker she is very clear and forceful. Congregations that test the capacity of the church attend every service. All questions as to whether or not a woman should preach are solved when you hear her. Much interest is being manifested in the meeting, and it is hoped that much good will be accomplished before its close.

The condition of Mrs. Herbert M. Beard is much improved and her rapid recovery seems assured.

The Local Committee of the A. S. of E. have sold at \$9.00 a round, all of the pooled crop of tobacco of the year 1904, that was put up by Barney Squires at Cloverport.

## CHRISTMAS HOME-COMERS.

Wanderers Who Will Gather in Home To Spend the Happy Yule-Tide With Loved Ones and Partake of the Christmas Festivities.

The coming of Santa Claus could not be looked forward to with more eagerness by the little ones, than the arrival of those away from home is expected by their relatives and friends.

Many are counting the days until the time comes for their Christmas guests to arrive, and while it is but a short time by the calendar it seems ages to spend in waiting.

From the information received there will be a large number to hang up their stockings in this old town that is never overlooked by the Giver of good gifts.

Among those who are expected home to spend the holidays are as follows:

Miss Jennie Mabel Harris, who has been attending Oxford College will be home soon to spend Christmas.

Mr. and Mrs. Roscoe Severs, of Virginia, will spend Christmas with Mr. and Mrs. D. H. Severs.

Jno. D. Babbage, Jr., will arrive home next week from the University of the South to spend Christmas and three months vacation.

## ONE DOLLAR FOR A MAN

Sold at Auction in Elizabethtown For Nine Months For Vagrancy.

### Elizabethtown News.

Dick Aubrey, convicted of vagrancy, was sold yesterday afternoon at the west door of the courthouse by Sheriff George Yates to satisfy a judgment and order of the Hardin Circuit Court. Aubrey was tried in the November term of court and was ordered sold by Judge Weed S. Chel after his conviction by a jury. The Sheriff's sale announcement which was posted on the advertising board at the east end of the courthouse created considerable excitement and comment throughout the county on account of the rarity and infrequency of such sales. The unusual procedure attracted a large crowd which was quieted into silence by the appearance of the Sheriff and the prisoner upon the block. The Sheriff announced to the quorum that he was selling the man by the law and stated that the sale would be for cash in hand. Sheriff Yates then asked, "How much am I offered for the services of this man for nine months?" A bystander bid 50 cents. The crowd jeered. The Sheriff then assured the crowd that Aubrey was sound and able bodied and that he never had been injured by hard work. He then made a further solicitation for bidders. J. J. Johnson, a blacksmith and farmer of near Rineyville, doubled the bid. Appeals were then made by the Sheriff for other bidders, but he received no response. Aubrey was then knocked off to Mr. Johnson for the small sum of \$1.

Aubrey was born and raised on Meeting Creek, where "Mountain Dew" is manufactured in its virgin purity by the elusive "moonshiners." He is a typical specimen of the backwoodsman, is a perfect stranger to a first-class bill of fare and is decidedly partial to home-made apparel. It is alleged that Aubrey has always been adverse to labor of any kind and considered it the drudgery of slaves. He was never known to follow any vocation with any regularity or persistency. Aubrey recently moved to Stephensburg, where the "even tenor of his way" was ruthlessly changed. He married a young woman in the vicinity which ended in his rejection of matrimony. The relatives of his wife claimed he did not properly support her and refused all aid from her relatives. It is claimed that his wife's relatives then had him indicted for vagrancy and caused him to be sold into servitude for a period of nine months. The question is now whether or not Aubrey's purchaser has a bonanza or an elephant on his hands.

Aubrey has no trade and very little information of any manual labor whatever. Outside of this, Aubrey says, "You can lead a horse to water, but you can't make him drink." These time-worn words are perhaps significant and will probably cause his purchaser trouble.

Mr. Johnson is a burly, heavy weight blacksmith and farmer and it is highly probable that he will succeed in teaching Aubrey agriculture and the art of blacksmithing.

The sale of a man for vagrancy in this county is seldom made. The only instance of a similar sale that can be called to mind was the sale of Lawrence Peak in 1896 by Deputy Sheriff M. H. Williams. Peak was caught at a low price, he being bought by Bill Bell a saloonkeeper, for \$15.75.

## HOW TO SHOW A PROFIT.

Fricky Bookkeeping Puts Losses on the Profit Side.

The printed report of a municipal electric light plant in Indiana has just been received. It shows a profit. There is no question about it. It shows a large profit. The figures are there in black and white, and they show a profit equivalent to 30 per cent of the gross income and 18 per cent on the capital invested. This is what we call a profitable business.

How was this plant able to make so good a showing? In a way so simple that any municipal plant could adopt it with success if its superintendent were good at figures. And the best of it is that it makes competition by private plants impossible because—well, stockholders are too inquisitive.

In the first place the fixed charges for interest on the capital invested and for depreciation were entirely ignored. Then no allowance was made for taxes lost by having municipal instead of private ownership. Next, while full charge was made against the water department and the city offices for lights and supplies, the superintendent conveniently forgot to charge the lighting plant with the water used in its boilers and condensers or with its share of the salaries in the city accounting department. Insurance was also overlooked. Finally, the make assurance of profit doubly sure, a number of items properly pertaining to maintenance were charged to "new construction."

At the same time the prices for street and public building lights was quite as high as in surrounding cities served by private companies, which had somehow or other to provide for all these omitted items.

It is perhaps needless to add that except for the judicious way in which the superintendent prepared his report a considerable deficit would have appeared instead of the gratifying profits. Of course the taxpayers will have to provide the money to make good these paper profits, but they may not for some years see the connection between their profitable plant and the higher tax rate, and meanwhile are happy in the contemplation of its profits and will doubtless testify enthusiastically to the benefits of municipal ownership.

From the above we may deduce the following rule for showing a profit: First, omit all items of expense that can without too much danger of detection be saddled upon the general city or other departments; second, charge in as vague a way as possible to new construction as many items of maintenance as may be necessary to show a large profit.

## GONE OUT OF BUSINESS.

Millions Sunk in Unsuccessful Municipal Lighting Plants.

During the past few years at least sixty cities and towns in the United States have sold, leased or abandoned their lighting plants. In a few cases they still retain their distributing system, buying the current from some company, but in most instances they have gone out of the business entirely. A number of other places have made unsuccessful efforts to dispose of their plants.

As with few exceptions municipal lighting plants have been in operation but a short time, this is a remarkable showing of failure and one, it may be said, that is seldomly avoided by those who for ends of their own are urging other cities to make similar experiments.

As it usually takes some years for a city to realize how great a burden it is carrying in its lighting plant, it is probable that the number of admitted failures will increase rapidly from now on, for, as an eminent electrical engineer recently said, "There are already indications that a considerable number of these municipalities which have engaged in improper undertakings are entering upon a period of financial difficulty."

### Faults Enough as It Is.

The political machine that dominates New York city is strong because large powers are delegated to it, and the expenditure of \$100,000,000 is given absolutely into its keeping. We have faults enough without municipal ownership in most of the cities of this country, and the ordinary business man fails to see the wisdom of making the situation more complex and dubious than it is by adding the problem of municipal ownership with all that it implies.—Binghamton Herald.

"Municipal ownership," remarks the Winnipeg Free Press "should not be discredited because of its tendency to increase municipal debt, provided the new enterprises are made to be fully self-sustaining." Neither is it dangerous if carefully handled. It is just about as safe to trust the management of a municipalized service to the average municipal council as it would be to engage a seven-year-old boy to handle dynamite.—Montreal Gazette.

### Who Would Fine the City?

An exchange notes the fact that a city council recently fined a water company \$1,000 for supplying London and unwholesome water. That is right. But if the waterworks had been owned by the city—

## WEDDING BELLS IN MEADE COUNTY

Many Young Couples to Plight Love's Vows at Hymen's Alter.

### ASHCRAFT—LEWIS NUPTIALS.

A beautiful wedding took place in Brandenburg Thursday, December the sixth, when Miss Mary Cooley Lewis was married to Mr. W. D. Ashcraft in the Baptist church. The marriage ceremony was said by the Rev. A. D. Leitchfield, of Madisonville. Mrs. Warren May, of Anacosta, Mont., a sister of the bride, was maid of honor and Miss Mary Lin Ditto was bridesmaid. Messrs. Tom Lyddan, of Webster, and Ben Clarkson, of Big Spring, were ushers. The bride is the daughter of Mr. and Mrs. James W. Lewis. She is a lovely young woman and has a wide circle of friends. She is well known in Cloverport having visited relatives here.

Mr. Ashcraft is Meade county's County Court Clerk. Mr. and Mrs. Ashcraft have gone away for a two month's tour in California.

Announcement is made of the engagement of Miss Mary E. Price to Claude F. Hardin. The wedding will take place Monday afternoon at 3:30 o'clock at the home of the bride, in Brandenburg.

Miss Price is the daughter of Mr. J. W. Price and is a charming young girl. Mr. Hardin is from Kansas City, Mo.

The following announcements of Meade county marriages to take place were published in the Times last week:

Mr. and Mrs. Ollie Board, near Ekron, announce that the marriage of their daughter, Nellie B., to Adie Lee Kendall, will take place December 20, at 3 p. m. at Hill Grove church.

Cards are out announcing that the marriage of Miss Mable Ross, daughter of Mr. and Mrs. Richard Shacklette, to Dan Willett, of Louisville, will take place December 19, at their residence near Brandenburg.

Mr. and Mrs. J. T. McCoy announce the marriage of their daughter, Miss Fanny Lee, to Samuel H. Kennedy, December 5 at the home of the bride.

### The Christmas Dinner.

In spite of the fact that the word dyspepsia means literally bad cook, it will not be fair for many to lay the blame on the cook if they begin the Christmas Dinner with little appetite and end it with distress or nausea. It may not be fair for one to do that—it is but a hope so for the sake of the cook! The disease dyspepsia indicates a bad stomach, that is a weak stomach, rather than a bad cook, and for a weak stomach there is nothing else equal to Hood's Sarsaparilla. It gives the stomach vigor and tone, cures dyspepsia, creates appetite, and makes eating the pleasure it should be.

### Capt. Ryan Resigns.

Capt. Marion Ryan for many years master of the steamer, Morning Star, has resigned his position. It is probable that Capt. Ryan will go on the Lee line.

### The Original Porous Plaster.

It's Alcock's, first introduced to the people sixty years ago, and to-day undoubtedly has the largest sale of any external remedy—millions being sold annually throughout the whole civilized world. There have been imitations, to be sure, but never has there been one to even compare with Alcock's—the world's standard external remedy.

For a week back, colds and influenza of any local plan, the result of taking cold or overstrain, there's nothing we know of to compare with the famous plaster.

### THE COUNTY UNIT LAW.

The Court of Appeals Will Settle the Constitutionality of the Law in January.

Judge Hobson, Chief Justice of the Court of Appeals, has set a case from Lincoln county for an oral argument early in the January term. The case will be of considerable interest in Hardin county as it involves the points raised here on the County Unit Law. In the Lincoln county case in question the town of Stanford is a Fifth Class city. It voted as a corporation and went "wet."

A month after an election was held in the entire county of Lincoln including the town of Stanford and went "dry." The saloonkeepers of Stanford applied to the city council for a renewal of license and the council refused. The case was then taken to the Court of Appeals and it sustained the action of the council. From this decision the saloonkeepers have appealed to the Court of Appeals and in January the question will be determined.—Elizabethtown News.

# PAIN

Pain in the head—pain anywhere, has its cause. Pain in the head, pain in the blood—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. This tablet—called Dr. Shoop's Headache Tablets—comes blood pressure away from pain centers. Its effect is charming, pleasantly delightful, gentle, though subtle, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure. If it's painful periods with women, no cause. If you are sleepless, restless, nervous, it's blood circulation—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 30 minutes, and the tablets simply distribute the normal blood pressure.

Brush your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense.

We sell at 25 cents, and cheerfully recommended

### Great Things For Kentucky.

Commissioner of Immigration, Robert Watchorn of Ellis Island, New York, reports a total of 1,062,054 immigrants, having arrived from foreign countries the last year ending June 30. Ellis Island at New York, handled 888,543. Six hundred and nine thousand, seven hundred and fourteen were males, and 207,899 were females.

These immigrants brought into this country \$19,000,000. The state of Kentucky secured about 600 of these immigrants.

If the plans of the new association are carried out, not only hundreds, but thousands of good families, principally Germans, can be obtained to settle on the vacant lands in western Kentucky and southern Illinois within the next few years.

Back-ache, cold hands and feet, rheumatism and kindred ailments caused by improper action of the kidneys yield readily to a short treatment of DeWitt's Kidney and Bladder Pills. They quickly drive the poisons from the system and thus afford relief. A week's treatment for 25 cents. Recommended and sold by all druggists.

### Gets Out in Texas.

Joseph Sulzer, of Albuquerque, New Mex., was elected to the legislature on Nov. 6 on the Peoples Party ticket by a majority of 1219. Mr. Sulzer was formerly of this city and at one time represented Perry County in the Indiana legislature. In those days the glee club sang of "Calico Joe," referring to Mr. Sulzer, and "Slippery Jim," meaning the late Capt. Burkett—Cannelton Enquirer.

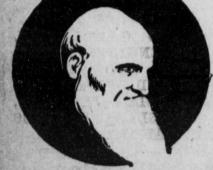

It is a mistake to use a violent cathartic to open the bowels. A gentle remedy will accomplish the same results without causing distress or serious consequences later. DeWitt's Little Early Risers are recommended. Sold by all druggists.

### Delighted With Mattoon.

In a letter written to the Telephone on Nov. 28 by Mrs. Darnell Dowden who with her husband recently removed from Cloverport, Ky., to Mattoon, Ill., she says:

"We are perfectly delighted with Mattoon. Our health is fine. I have gained 95 pounds and Darnell 10 pounds. That shows that the country agrees with us. We are boarding with Mr. and Mrs. Joe Zellers and have a fine boarding place. Before I close, I must tell you that Janie Wittmer was married on Nov. 11th to Mr. Roland Crane. He is an employee of the Illinois Central R. R. shops. They are living at 2809 Western Ave. We are lost without the Telephone. Please send last week's issue, too."—Cannelton Telephone.

## A WEEK'S HAPPENINGS

RELATING TO AFFAIRS IN THIS AND ADJOINING STATES.

**Kentucky Warehouses Burned by Masked Men, Who Seize Officials and the Public Works of the Town of Princeton—Other Intelligence.**

Princeton, Ky., Dec. 3.—The tobacco stemmeries of James Stenger and John Orr, the latter controlled by the Imperial Tobacco company of New York, were totally destroyed by a fire kindled by a mob of masked men. Several cottages in the vicinity were badly damaged, but nobody was hurt. The loss is estimated at \$100,000. The mob numbered about 200 men. It seized the night marshal and disarmed him, then went to the factories and quickly applied the torch. The masked men stood on squares, permitting nobody to come near until the buildings were completely enveloped in flames and help was useless. When the mob saw the fire was beyond control it left the town, going in the direction of Hopkinsville, discharging revolvers and rifles. The fire department came out, but could do nothing more than prevent the fire from destroying adjacent buildings.

The Stenger factory is controlled by the American Snuff company and Stenger is the Princeton agent for that concern. Orr is the representative of the Imperial company. There were about 150,000 pounds of tobacco in each warehouse, and all of it burned. The men also took charge of the police station and the waterworks. Even had the firemen responded, they would have been unable to obtain a supply of water. The work of the mob is believed to be only a furtherance of the agitation by the tobacco raisers against the tobacco trust. The organization of farmers is known as the Dark Tobacco Growers' Protective association, but it is not known that any member of that organization was in the mob.

Princeton, Ky., Dec. 4.—All insurance policies covering buildings owned or controlled by the tobacco trust, so-called, in western Kentucky, were canceled as a result of the burning of two stemmeries by a mob which entered Princeton last Friday night. The policies were canceled by telegraph from Louisville, most of the insurers looking to the fact that the authorities are here investigating the incendiary fire.

Princeton, Ky., Dec. 5.—Investigation of the burning of the tobacco stemmeries here by an anti-trust mob brought out no facts that were considered of value by State Fire Marshal Ayres. It has been decided that the militia will not be asked for.

### Threaten to Apply Torch.

Marion, Ky., Dec. 7.—Considerable excitement has been caused here over the receipt of threatening letters by the owners of the two largest tobacco concerns in this city, warning them not to buy any more tobacco. The letters were signed "D. T. P. or Night Riders," and stated that if the men to whom they were addressed did not heed the warning their places of business would be destroyed by fire. Both letters were mailed at Princeton, which is only a short distance from this place, and the first one was received by R. L. Moore, who runs the largest tobacco warehouse in Crittendon county. Mr. Moore sent out no word that he would not receive any more tobacco. At the present time the other man to receive a warning was Arthur Jarvis, who conducts a big warehouse and stemmery. It is understood he also will not take in any more tobacco.

### Harlan Not a Candidate.

Louisville, Ky., Dec. 7.—Repeated mention of Associate Justice John M. Harlan of the supreme court of the United States as a possible Republican candidate for governor of Kentucky has finally called forth a definite statement from him on the subject. This statement took the form of a letter from Mr. Harlan to his friend and former partner, Augustus E. Wilson of Louisville. Justice Harlan says: "I must forego the honor which your friends desire to bestow upon me. A canvass of the state and (if elected) the discharge of the duties of the office for four years would, I fear, too severely tax the strength and vitality of one who, if he lives until the first day of next June, will be 74 years of age. Please, therefore, an opportunity may be presented, inform my Kentucky friends that they must not think of me in connection with political station."

### White Burley Sales.

Lexington, Ky., Dec. 5.—The Lexington white burley tobacco market was inaugurated here. Buyers were here from Richmond, Danville and Lynchburg, Va.; North Carolina, South Carolina, and Liverpool, England. One hundred thousand pounds of tobacco were sold at an average of 10 cents per pound. D. M. McDonald & Company of Liverpool, England, made a contract with C. W. Dohmer, manager of the Burley Loose Tobacco company for several thousand bags of white burley tobacco, being the first order of this kind ever given in America for white burley tobacco by a foreign company.

### Killed in Depot.

Chattanooga, Tenn., Dec. 3.—Miss Nora Brandt of Burnside, Ky., was run down by a switch engine in the central passenger station, receiving injuries from which she died in an hour. She was crossing a track to the passenger car when she was struck by a locomotive backing in.

## OLD FEUD

Seven Shot in a General Row Between Gangs of Negroes.

Jacksonville, Fla., Dec. 3.—Seven negroes shot, three of whom will die is the result of a general row and shooting affray growing out of an old feud at Marietta, seven miles from this city. The fatally wounded are Lester Brunson, Alex Prime and James Hadley. They are in the hospital here for treatment, as are the other four wounded men. Seven negroes charged with doing the shooting have been arrested and are in jail here. The climax came through one negro striking another with a fence picket. Friends of each armed themselves and the war began. The jawbone of one of the negroes was shattered and his tongue shot off.

Do the right thing if you have Nasal Catarrh. Get Ely's Cream Balm at once. Don't touch the catarrh powders and snuffs, for they contain cocaine. Ely's Cream Balm releases the secretions that inflame the nasal passages and the throat, whereas common "remedies" made with mercury merely drive them out and leave you no better than a real cure. In a word, Ely's Cream Balm is a real cure, not a delusion. All druggists, 50c., or mailed by Ely Bros., 36 Warren Street, New York.

### Storm in Northwest.

St. Paul, Minn., Dec. 7.—Railroad traffic throughout Iowa, the Dakotas and southern Minnesota was considerably demoralized on account of rain and snow. Most of the Chicago-St. Paul lines were badly handicapped on account of the telegraph wires being down. The Great Northern's coast service is still in bad plight, owing to washouts. The "oriental limited" came in 36 hours late.

### Diplomatic Changes.

Washington, Dec. 5.—Important diplomatic changes are imminent. According to announcement Hon. Henry White, American ambassador to Rome, will be transferred in the near future from that post to Paris, where he will succeed Hon. Robert S. McCormick as ambassador. Mr. White will be succeeded at Rome by Hon. Lloyd O. Griscom, now American minister to Brazil.

### Road Secretary Shown.

Pittsburg, Dec. 6.—During a stormy meeting of the House, the chamber of commerce, Secretary of the Treasury Leslie M. Shaw was condemned in a resolution for his "unnecessary, unqualified and discourteous treatment of the members and their president, H. D. W. English, in the recent post office hearing."

### Ten Miners Wounded.

Gillette Guilty.

Herkimer, N. Y., Dec. 5.—After deliberating for five hours, the jury in the trial of Chester E. Gillette for the murder of his sweetheart, Grace Brown, at Big Moose lake on July 11 last, returned a verdict of guilty in the first degree. The jurors had some difficulty in reaching an agreement, and six ballots were taken before the 12 men agreed. Up to that time the jury had stood 11 for conviction and 1 for acquittal.

### Town Washed Away.

El Paso, Tex., Dec. 5.—From information received here it is believed that the town of Clifton, Ariz., has been practically washed away. The Copper Queen hotel is said to have been swept away by the flood and at least 50 persons lost their lives. The concentrator dam, which gave way, precipitating the great flood upon the town, was constructed entirely of earth. The dam was carried away two years ago as a result of the swollen streams and a number of persons were drowned.

### Took Wind Out of Their Sails.

He shook hands with those who arose and then introduced them to the rest of the audience as the "twenty-seven biggest liars in Tennessee."

### City of Lexington Wins.

Washington, Dec. 4.—The case of the Security and Trust company of Lexington, Ky., against the city of Lexington, was decided by the supreme court of the United States favorably to the city. The suit involved the right of the city to collect back taxes on the property of Clara Bell, amounting to over \$200,000 held by the company in trust. The claim covered the taxes for the years 1894 to 1898. The opinion was by Justice Holmes.

### Fire in Steamer's Hold.

Philadelphia, Dec. 7.—Fire, which burned for less than 24 hours, the forward hold of the steamer Cretan of the Boston and Philadelphia Steamship company, caused an estimated loss of between \$150,000 and \$200,000. The flames were discovered Wednesday night while the steamer was off the New Jersey coast. The crew were unable to extinguish the fire and the Cretan came into port with the flames burning fiercely.

# Epilepsy

## Fits Fits Fits St. Vitus Dance

Are nerve diseases, and unless checked, lead to destruction of both mind and body. The weak, shattered nerves must have something to strengthen and build them back to health. Dr. Miles' Restorative Nerve is a remarkable nerve tonic and stimulant. It strengthens the nerves, relieves the nervous strain, and influences refreshing body-building sleep and rest. Persistent use seldom fails to relieve these afflictions.

"I was taken with epileptic fits; had eleven in less than 24 hours. My father sent for my family physician, but he could do nothing. I grew worse every day, and at last I was taken to the hospital. I still got worse. My father heard of Dr. Miles' medicine and bought a bottle of Nerve and a box of Nerve Food. I began to feel better. The fits stopped. I feel strong and well. It has been worth all the trouble to me. I recommend it wherever I go. You may use this as your own medicine, for I am enjoying the best health I have ever known. I feel that I owe my life to this wonderful medicine." R. F. D. No. 2, Boston, Ga.

Dr. Miles' Nerve is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will return the money.

## Sick Blood

Feed pale girls on Scott's Emulsion.

We do not need to give all the reasons why Scott's Emulsion restores the strength and flesh and color of good health to those who suffer from sick blood.

The fact that it is the best preparation of Cod Liver Oil rich in nutrition, full of healthy stimulation is a suggestion as to why it does what it does.

Scott's Emulsion presents Cod Liver Oil at its best, fullest in strength, least in taste.

Young women in their "teens" are permanently cured of the peculiar disease of the blood which shows itself in paleness, weakness and nervousness, by regular treatment with Scott's Emulsion.

It is a true blood food and is naturally adapted to the cure of the blood sickness from which so many young women suffer.

We will be glad to send a sample to any sufferer.

Be sure that this picture is the form of a label is on the wrapper of every bottle of Emulsion you buy.

## Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers. They filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It is used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmor's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits.

By all druggists in fifty-cent and one-dollar sizes. You may have sample bottle by mail.

## PRESIDENT'S MESSAGE

Washington, Dec. 4. — President Roosevelt in his annual message urges the enactment of a law prohibiting corporations from contributing to campaign funds. He also urges the passage of a bill concerning the government the right of appeal in criminal cases on questions of law, also legislation to limit the setting aside of judgments and granting new trials on trivial technicalities.

On the subject of injunctions in labor cases, objection is made to abolishing altogether the writ of injunction, but it is recommended that the most possible abuse of the power should be provided against by some such law as was advocated in the message a year ago.

Lynching is discussed extensively, not as a crime of any particular section, but as an evil tendency of lawlessness. It is argued that justice should be exacted alike to all regardless of color, creed or social position. As to mob violence in cases of rape the message says: "In my judgment, the crime of rape should always be punished with death, as is the case with murder. Assault with intent to commit rape should be made a capital crime, at least in the discretion of the court, and provision should be made by which the punishment may follow immediately upon the heels of the offense."

In dealing with both labor and capital, with the questions affecting both the laboring man and the business man, there is one matter more important to the nation than any other, and that is the infinite harm done by proachers of mere discontent. These are the men who seek to excite violent class hatred against all men of wealth. The men who hope for success for their people in a revolution and fear that the same and cold headed advance against the path marked out last year by the congress. There must be a stern refusal to be misled into following either that base creature who appeals and panders to the lowest instincts and passions in order to create a set of Americans against their fellow citizens, or the man who would lead a mob to a riot and a riot to a riot.

No Legal Documents Will Be Permitted to Leave Circuit Clerk's Office.

A new rule has been adopted in the Circuit Clerk's office at this place, which forbids any attorney or other person to take any papers or records from the office. Considerable inconvenience has been experienced by attorneys taking papers to their offices and not returning them promptly. Circuit Clerk Sattle will hereafter permit records to leave his office.

On the suggestion of Mr. O'Meara the bar will hold a meeting Saturday to adopt certain expedient regulations of practice. Among others it is expected that a rule will be adopted requiring every attorney to furnish a copy of each pleading filed to the attorney on the other side of the case.—Elizabeth Town News.

## SKETCH OF THE LIFE OF LYDIA E. PINKHAM

And a True Story of How the Vegetable Compound Had Its Birth and How the "Panic of '73" Caused it to be Offered for Public Sale in Drug Stores.

This remarkable woman, whose maiden name was Estes, was born in Lynn, Mass., February 9th, 1819, coming from a good old Quaker family. For some years she taught school, and became known as a woman of an alert

Lydia E. Pinkham

and investigating mind, an earnest seeker after knowledge, and above all, possessed of a wonderfully sympathetic nature.

In 1843 she married Isaac Pinkham, a builder and real estate operator, and their early married life was marked by prosperity and happiness. They had four children, three sons and a daughter.

In those good old fashioned days it was common for mothers to nurse their own home remedies from roots and herbs, nature's own remedies—calling in a physician only in specially urgent cases. By tradition and experience many of them gained a wonderful knowledge of the curative properties of the various roots and herbs.

Mrs. Pinkham took a great interest in the study of roots and herbs, their characteristics and power over disease, and she maintained that just as nature bountifully provides in the harvest fields and orchards vegetable foods of all kinds; so, if we but take the pains to find them, in the roots and herbs of the field there are remedies expressly designed to cure the various ills and weaknesses of the body, and it was her pleasure to search these out, and prepare simple and effective medicines for her own family and friends.

Chief of these was a rare combination of the choicest medicinal roots and herbs found best adapted for the cure of the ills and weaknesses peculiar to the female sex, and Lydia E. Pinkham's friends and neighbors learned that her compound relieved and cured and it became quite popular among them.

All this so far was done freely, without money and without price, as a labor of love.

But in 1873 the financial crisis struck Lynn. Its length and severity were too much for the large real estate interests of the Pinkham family, as this class of business suffered most from fearful depression, so when the Centennial year dawned it found their property swept away. Some other source of income had to be found.

At this point Lydia E. Pinkham's Vegetable Compound was made known to the world.

The three sons and the daughter, with their mother, combined forces to

restore the family fortune. They argued that the medicine which was so good for their women friends and neighbors was equally good for the women of the whole world.

The Pinkham had no money, and little credit. Their first laboratory was the kitchen, where roots and herbs were steeped on the stove, gradually filling a gross of bottles. Then came the question of selling it, for always before they had given it away freely. They hired a job printer to run off some pamphlets setting forth the merits of the medicine, now called Lydia E. Pinkham's Vegetable Compound, and these were distributed by the Pinkham sons in Boston, New York, and Brooklyn.

The wonderful curative properties of the medicine were, to a great extent, self-advertising, for whoever used it recommended it to others, and the demand gradually increased.

In 1877, by combined efforts the family had saved enough money from the enterprise were assured, until to day Lydia E. Pinkham and her Vegetable Compound have become household words everywhere, and many tons of roots and herbs are used annually in its manufacture.

Lydia E. Pinkham herself did not live to see the great success of this work. She passed to her reward years before the compound was made known to the world, but her work was continued by her daughter, who means for continuing her work as effectively as she could have done it herself.

During her long and eventful experience she was ever methodical in her work and she was always careful to preserve a record of every case that came to her attention. The case of every sick woman who applied to her for advice—these were thousands—were carefully studied, and the details, including symptoms, treatment and results were recorded for future reference, and to-day these records, together with hundreds of thousands made since, are available to sick women everywhere, and represent a vast collaboration of information regarding the human organism, and the value of the compound is equalled in any library in the world.

With Lydia E. Pinkham worked her daughter-in-law, the present Mrs. Pinkham. She was carefully instructed in all her hard-earned knowledge, and for years she assisted her in her vast correspondence.

To her hands naturally fell the direction of the work when its originator passed away. For nearly twenty-five years she has continued it, and nothing in the work shows when the first Lydia E. Pinkham dropped her burden, but she has continued it, and now the mother of a large family, took it up. With women assistants, some as sales ladies, and others as clerks, Mrs. Pinkham continues this great work, and probably from the office of no other person have so many women been advised how to regain health. Sick women, this advice is "Yours for Health," and given if you only write to ask for it.

Such is the history of Lydia E. Pinkham's Vegetable Compound; made from simple roots and herbs, the one great medicine for women's ailments, and the fitting monument to the noble woman whose name it bears.

No Printers in Penitentiary.

Until a short time ago an ably conducted and quite well edited little paper was published within the walls of the Ohio penitentiary. It had an assured circulation, and to all appearances was destined to live long and prosper. But it disappeared without warning, and inquiry as to the cause developed the

## ON REAL ESTATE

### Bill Passed by House Permits National Banks to Make Loans.

Washington, Dec. 6.—The House, waiting on the report of appropriation bills, began its legislative grind by passing three measures: Incorporating the national German-American alliance; authorizing the secretary of the treasury to duplicate gold coins in lieu of ones lost or destroyed, and the bill amending the national bank laws, permitting national banking associations to make loans on real estate as security and limiting the amount of such loans. The banking bill has been one of the west's favorite measures, and the leaders in the house from that section lined up generally in favor of the legislation, which it is asserted, would go far toward popularizing the national banks. The opponents of the bill, Democrats and Republicans, insisted that real estate was not a proper security for a loan.

## LABORERS

### Killed in a Tunnel by Explosion of Giant Powder.

New York, Dec. 4.—A spark from a candle carried by a laborer dropped into a can of giant powder and caused an explosion among a gang of workmen in the Pennsylvania railroad tunnel under the East river. Three men were killed outright and a fourth is dying. Of 12 others less seriously hurt, two required hospital treatment. The others suffered chiefly from burns and were attended on the spot and sent home. The explosion occurred in the tube close to a shaft sunk between the Long Island railroad station at Long Island City and the river. The dead: Stanimoy Schmidt, Brooklyn; Frank Studvine, colored, Manhattan; John Voroges, Brooklyn.

## Pilotage Bill Lost.

Washington, Dec. 7.—The house by a vote of 110 to 164 defeated the bill of Representative Lathrop of Maine removing discriminations against American sailing vessels in the coasting trade. This bill, commonly known as the anti-compulsory pilotage bill, has been the subject of many hearings in the committee on merchant marine and fisheries, and has excited great interest throughout the lake and ocean shipping regions of the country. The result of the vote was a surprise to the friends of the measure, who openly charged its defeat to the American Federation of Labor. Many votes in the Republican side, however, were secured as a protest against the invasion of the rights of the states.

## Outwits the Surgeon.

A complication of female troubles, with catarrh of the stomach and bowels, had reduced Mrs. H. S. Austin, of Leesworth, Ind., to such a deplorable condition, that her doctor advised an operation; but her husband, fearing fatal results, postponed this to try Electric Bitters; and to the amazement of all who knew her, this medicine completely cured her. Guaranteed cure for torpid liver, kidney disease, biliousness, jaundice, chills and fever, general debility, nervousness and blood poisoning. Best tonic made. Price 50c at Severs Drug Co. Tr. it.

## Vagrant Sold into Servitude.

Elizabethtown, Ky., Dec. 4.—Dock Aubrey, who was convicted of vagrancy and who was ordered sold into servitude for nine months, according to the law of the state, was displayed at public auction to J. Johnson, a farmer, for the sum of \$10. Dock's reputation for general shiftlessness was such that even the most strenuous efforts of the sheriff were not sufficient to bring out many bids, the report having gone forth that his ability to consume food was out of all proportion to his capacity for work.

## ASTORIA

The Kind You Have Always Bought

Taft on Brownsville Affair.

Washington, Dec. 6.—Secretary Taft in his annual report gives an allusion to the Brownsville (Tex.) affair of Aug. 13 and the discharge of the colored battalion of the Twenty-fifth Infantry. He defends the course of the war department in the matter and is severe in his condemnation of the noncommissioned officers of the battalion for failing to discover and report the perpetrators of the outrage, and of the enlistment men of the battalion who, by maintaining silence when, as he says, they must have known the guilty parties, connived at the crime. He insists that an obligation of comradeship should prevent the men from telling the truth, but indicates that such of the men as are guiltyless may be re-enlisted.

## ROUSES CALIFORNIANS

Roosevelt's Treatment of the Mooted Japanese Question.

## THEIR SOLONS DISCUSS IT

Rayner of Maryland Calls Up the Matter in the Senate—Feeling Running High on the Pacific Coast. Hostile Demonstration in the City of Tokyo.

San Francisco, Dec. 7.—The San Francisco board of education, on real estate by its decision to confine the Japanese school children to the oriental school. The sentiments of President Roosevelt, as expressed in his message to congress, will not affect their position, according to President Altmann of the board, who announced that the board will do all in its power to correct the impression given out by the president's message, which says that the Japanese are excluded from San Francisco public schools.

Washington, Dec. 5.—President Roosevelt's discussion of the San Francisco school situation in his message was received with great satisfaction by the California delegation in the house. The members of the delegation from that state are unanimous in their declaration that no treaty rights have been violated in excluding Japanese from public schools attended by whites. The suggestion in President Roosevelt's message that naturalization be extended to Japanese is extremely distasteful to the California delegation in the house. Ward and Smith find themselves in sympathy on two propositions. One is the race issue; the other is the suggestion of federal intervention to enforce the terms of the treaty with Japan. It was the suggestion of raising all the forces, civil and military, of the United States that touched the spot with the Californians. They had been expert at an early stage of the discussion, to have the administration suggest using military power against them.

In the senate Mr. Rayner of Maryland introduced the following resolution on the Japanese question: "Resolved, that in the opinion of the senate, this government has no right to interfere into any controversy with any foreign government relative to the public school system of any of the states in the Union; resolved further, that it is the opinion of the senate that there is no provision in the treaty between the United States and the government of Japan that relates in any manner to this subject or in any way interferes with the right of the state of California to conduct and administer its system of public schools in accordance with its own legislation, and resolved further, that it is the duty of the president of the United States to notify the government of Japan and to notify any foreign government with which the question may arise that the public educational institutions of the state are not within the jurisdiction of the United States, and that the United States has no power to create or supervise their administration."

## Recent Administration's Stand.

San Francisco, Dec. 5.—The feeling in San Francisco is high. The city and parts of the state are openly, bitterly and resentfully opposed to the administration's stand in regard to the school question in San Francisco. The people believe the Japs are seeking to find a cause for a quarrel with the United States and have chosen the San Francisco school situation as the bone over which to pick a quarrel and start a war. "If California is to remain one of the United States," declared the commissioner of labor for California, "then it must stop invasion and settle the question. The Japanese are swarming into California at the rate of over 1,000 a month, more arrogant, more cherty than any other people." "The school board of San Francisco never will change its attitude on a 'school question,'" declared the superintendent of schools.

## Demonstration in Japan.

Tokyo, Dec. 5.—The growth here of the anti-American feeling is beginning to cause great annoyance to the government, which is earnestly trying to smooth matters over. The most significant incident which has thus far taken place is the burning of the splendid Grant memorial, erected on the visit of the distinguished general, Ulysses S. Grant, and intended as a permanent reminder of the old and steadfast friendship between the two countries. Today it is a heap of smoking ruins, and no effort is being made to conceal the fact that it was deliberately destroyed as an object lesson.

## Call For All Records.

Washington, Dec. 7.—The senate adopted the Penrose resolution requesting the president to send it information regarding the discharge of the negro troops of the Twenty-fifth Infantry and also the Foraker resolution directing the secretary of war to transmit all information in the possession of his department on the same subject. Both resolutions carried an identical amendment by Mr. Culberson asking specifically for the order to Major Penrose, commanding the troops, which directed him after many delays to the Texas authorities certain of the troops demanded.

Chief Engineer of Southern. Covington, Ky., Dec. 3.—George B. Nicholson, chief engineer of the Cincinnati Southern railway, died at his home here.

#### Additional Locals.

If you want to make your wife happy get her a sack of Lewisport Flour sold in Cloverport by Preston, Williams and O'Connell.

Gregory & Co., for Cedar shingles and Ruberoid roofing.

There is no better flour on the market. It is made at Lewisport. Williams sells it.

James A. Witt and wife were in Louisville Monday.

Call at Preston's for the best flour. Call for the Lewisport flour on sale at O'Connell's.

Preston sells Lewisport flour, the best on the market.

Catarth of the nose and throat should lead you to at least ask us for a free trial box of Dr. Shoop's Catarth Cure. Nothing so surely proves merit as a real, actual test—and Dr. Shoop, to prove this, earnestly desires that we let you make that test. This creamy, Snow White healing balm, soothes the throat and nostrils, and quickly purifies a foul or feverish breath. Call and investigate. Severs Drug Co.

#### Died Yesterday.

Mrs. Harvey Snyder, who was stricken with paralysis last Friday night, died Tuesday. Mrs. Snyder was born in Hancock county, March 16, 1856, and was 50 years of age. She leaves a husband and four sons besides brothers and sisters.

#### Beware of Ointments for Catarth That Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarth Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting dire tip upon the blood and mucous surfaces of the system. In buying Hall's Catarth Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price, 75c per bottle. Two women, at least, are in public office in Texas, both having been put there by men's votes. Miss Zena Dalrymple was elected county and district clerk for Uvalde county, and Mrs. Mary C. Cope for Fannin County.

#### MATTINGLY.

Miss Mayme Hawkins, of Cloverport, attended the entertainment at the Balltown school-house Thanksgiving night.

The entertainment given by Roscoe Lasley on Thanksgiving night was a decided success. The scholars all did well and deserve credit.

Mrs. Esther Taul and brother, Everett Frank, of Evansville, are visiting friends and relatives here.

One of the most delightful affairs of the season was the first party given December the fifth by Mr. and Mrs. William Lynch. It was in honor of her brother, Eddie Heron's twenty-first birthday. There were 52 guests present. Those from a distance were: Miss Montre Percell and Loter Frank, of Owensboro; Mrs. Esther Taul and brother, Everett Frank, of Evansville; Author Beard, of Hardinsburg; and Mr. and Mrs. Joe Mullen, of Cloverport. Mr. Heron is a favorite among his many friends and we wish him many happy returns of such an occasion. Turkey, all kinds of vegetables and delicious refreshments were served.

If "taken at the Sneezes Stage" Preventives—a toothsome candy Tablet—will surely and quickly check an approaching cold or Lagrippe. When you first catch cold—or feel it coming on—take Dr. Shoop's Preventives, and the prompt effect will certainly surprise and please you. Preventives surely supply the proverbial "ounce of prevention." Sold 5 cent and 25 cent boxes by Severs Drug Co.

## SCALY ECZEMA ALL OVER BODY

Eruptions Appeared on Chest, and Face and Neck Were All Broken Out—Scales and Crusts Formed—Iowa Lady Has Great Faith in Cuticura Remedies for Skin Diseases.

### ANOTHER WONDERFUL CURE BY CUTICURA

"I had an eruption appear on my chest and body and extended upwards and downwards, so that my neck and face were all broken out; also my arms and the lower limbs as far as the knees. I at first thought it was prickly heat. But soon scales or crusts formed where the breaking out was. Instead of going to a physician, I purchased a complete treatment of the Cuticura Remedies, in which I had great faith, and all was satisfactory. A year or two later the eruption appeared again, only a little lower, but before it had time to spread I procured another supply of the Cuticura Remedies, and continued their use until the cure was complete. It is now five years since the last attack, and have not seen any signs of a return. I have taken about three bottles of the Cuticura Remedies, and do not know how much of the Soap or Ointment, as I always keep them with me; probably one half dozen of each.

"I decided to give the Cuticura Remedies a trial after I had seen the results of their treatment of eczema on an infant belonging to one of our neighbors. The parent took the child to the nearest physician, but his treatment did no good. So they procured the Cuticura Remedies and cured her with them. When they began using Cuticura Remedies her face was terribly disfigured with sores, but she was entirely cured, for I saw the same child at the age of five years, and her mother told me the eczema had never broken out since. I have more faith in Cuticura Remedies for skin diseases than anything I know of. I am, respectfully yours, Emma E. Wilson, Lascorb, Iowa, Oct. 1, 1905."
